Certificate of Analysis

From 11.07.2025 to 28.07.2025 we examined on behalf of company Nullure Greenhale Nutrition S.L., Calle Provença, 247 2o 2a, 08008 Barcelona, Spain a sample with our test report number 3636235-699767 with the sample code "Nicotinamide Riboside" for the following parameters:

- | | |
|---|--------------------------------|
| • Aerobic mesophilic count (total plate count) | • Aluminium (Al) |
| • Yeasts | • Lead (Pb) |
| • Moulds | • Cadmium (Cd) |
| • Enterobacteriaceae | • Mercury (Hg) |
| • Escherichia coli | • Arsenic (As) |
| • Presumptive Bacillus cereus 10 g | • Nicotinamide riboside |
| • Salmonella spp. in | |

With regard to the above-mentioned, investigated parameters and taking into account the measurement uncertainties, tolerances, processing procedures and the currently applicable limits/recomm. values, the analyzed sample (test item) was found according to the above mentioned test report from our point of view as marketable in Germany.

The complete statement on conformity including the applied decision rule is documented in the above-mentioned test report.
